--- TWENTY-FIVE CIGARS ---

— imperforate - 21½ x 28 mm. - scanned at 100% scale ---

--- grey-black - on hard white paper - "Simon Cigars", Toronto - 47-10D ---

The date coding on the following stamp reads with **the year** as both the 1st and 4th digit, and with **the month** as the two middle digits. This four digit coding is found on the production of "Simon Cigars", Montreal, which used however dark red 4 mm. Roman digits. I would guess that this Gothic cancellation is also from "Simon Cigars" at a different factory. To date, I have not found a copy on a cigar box.
